

Week 4: The Power of HOPE

Start Date: _____

“When you have hope, your light shines brighter.”

The power of hope is a wonderful thing.
It lets us look forward to what life will bring.
It makes our hearts flutter just thinking about
All things that we hope for; that those things work out
We hope this will happen or this, even that.
We hope that our name gets pulled out of a hat.
We hope that we're chosen or hope we're the winner.
We hope that we have something awesome for dinner.
But know that sometimes all our hopes, although grand,
Don't really work out quite the way we had planned.
When those times happen, you feel like moping
That's fine, get it out. But NEVER stop hoping.

Write down some things that you hope and dream for.

Reflections, Thoughts, & Doodles:
